Inspiring dental care

What is different about Ashwell Smiles dental health plan?

Under the plan, your regular dental and hygiene/prevention visits are taken care of and you only need to pay for any treatments if they are needed.

You only pay for what you need or want. Other plans charge a monthly fee that can be in excess of what you personally need.

How to join and paying for your membership

Please call in at the practice to complete an agreement. This will require your signature and bank account details for the direct debit mandate.

If you require any advice on which plan is more suited to your dental needs please feel free to speak to your dentist.

Payments will be collected by direct debit on the 5th of every month. Those enrolling before the 20th of the month will be covered from the 5th of the following month.

The cost of our plans will be reviewed every year and you will be notified at least on or before 1st December each year of the charges which will apply from the following 1st April.

If you have any queries please ask any member of the staff.

Leaving the scheme

We hope that once you have enrolled you will continue to participate in the scheme throughout your time as a patient of our practice, but we appreciate that your circumstances may change and so you may withdraw from the scheme at any time. Withdrawal will be effected 3 calendar months after a written instruction is received at the practice (see clause 4 of the scheme agreement).

If you have any problems

We always aim to offer the highest quality care to our patients. Please do not hesitate to raise any problems or queries with your dentist and we will do our best to resolve them. We have a practice complaints scheme which will deal with any complaints about the plan or the care and treatment we provide under it. Our Complaints Officer is Dr Bindi Shah.
